PROFESSIONAL SUMMARY

A Creative designer with a background in architecture which I use to produce visually appealing illustrations. Passionate about using the skills in using the various digital softwares, traditional methods of drawing and organization to meet clients needs.

EXPERIENCE

FREE LANCE GRAPHIC DESIGNER

(September 2020 – present)

- Creating visually stunning illustrations for various purposes, ranging from display art pieces to marketing and branding materials.
- Utilizing traditional methods of creating art alongside tablet and computer applications to create visually stunning pieces for the clients needs.
- Ensuring timely and effective execution of all materials.
- Collaborating with fellow designers to develop innovative approaches for more expressive graphics.

KENYATTA UNIVERSITY

Architectural Design assistant

(January 2020 – March 2020)

- Utilizing a variety of computer applications in the design process to create precise pieces that would effectively communicate
- Creating mood boards to sample my design and vision as we navigate the project with clients and colleagues.
- Sketching necessary visuals to more effectively communicate with clients and workmates during meetings.
- Assisting in the creation of detail drawings.

EDUCATION

NAIROBI INSTITUTE OF TECHNOLOGY, KENYA

Diploma in Architecture.

Studying architecture at the Nairobi Institute of technology has equipped me with a strong foundation in Design across a multitude of different fields. Here my creativity was developed for the purpose of generating functional and pleasing designs which meet all my clients needs.
